HOOSIER CRANE SERVICE

SERVICE IS THE HEART OF HOOSIER CRANE

There's a reason the word service is in our name. When we started in 2002 our initial team all came from a service background. More than a decade later we're still providing exceptional service.

24/7 EMERGENCY ON SITE SERVICE

We are recognized as the regional leader in providing the fastest emergency overhead crane service to save you from downtime. We know that your cranes and hoists are essential to running your company.

HOOSIER CRANE SERVICE

WARRANTY REPAIR

Do not send your hoist across the country and pay a fortune in shipping. Hoosier Crane is a warranty center for all of the brands we carry and can get you back up and running faster and for less money.

SCHEDULED SERVICE AND MAINTENANCE

Our service crew is committed to making sure you are 100% satisfied. We are equipped to repair all makes and models of cranes and hoists at your location and will work around your schedule.

INSPECTIONS

Inspections are key to maintaining OSHA compliance and ensuring the customer safety and profitability. We use a standards based inspection program that uses iPads to generate professional inspection reports and competitive repair quotes.

CRANE MODERNIZATION AND UPGRADES

Over the years, your needs change and technology improves. Hoosier Crane can extend the life of your overhead crane. Whether it is upgrading a hoist, extending a runway, or adding VFDs to an existing crane, we'll make your investment last for years.
